Hi and thanks for purchasing from Unio.

About The File:

"Dual Cosmetic Dispensers Mockup" is specifically designed for presenting any kind of liquid cosmetic product. Showcase your design on social media or in your portfolio and enhance brand awareness.

Create amazing presentations within seconds with this user-oriented mockup through the flexibility of Smart Objects and the intuitiveness of several layer effects.
Although this Photoshop document preserves every detail from the original DSLM snapshot, any detail is customisable to match the brand's identity.

Please consult the provided walk-through guide for any advanced editing.

- Art-board Dimensions: 1200x800, 240dpi

- Canvas Orientation: Landscape

- Color Space: RGB

- Color Depth: 8bit

- Documentation: Illustrated walk-through guide

How-to edit Files:

This product requires Adobe® Photoshop® CC for any editing purpose.

### Layers main view:

How to place your design via smart-layer:

Navigate through the main layers panel, expand the "Mockup" folder and *Double-click on the smart layer "Left Dispenser (Double-Click To Modify)".*
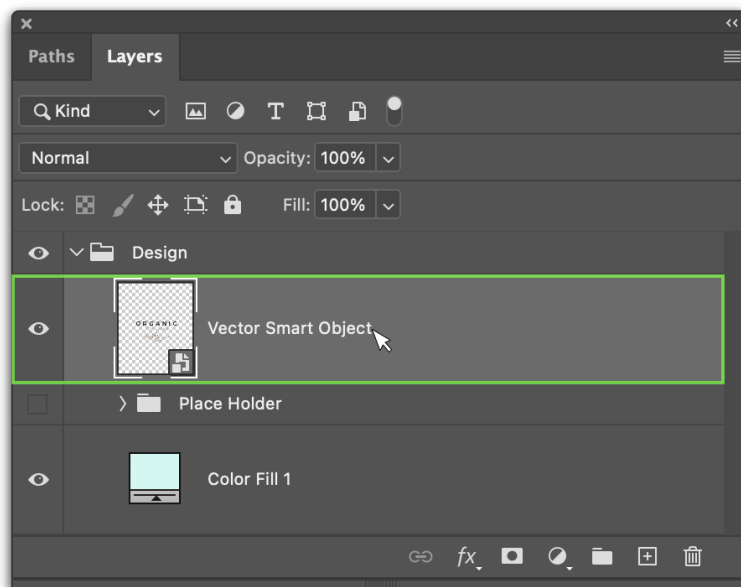

◆ *Place your artwork:*

*Once opened the smart layer, click on the Layer Visibility (eyeball) icon to deactivate the "Placeholder" folder.*

Once the layer is hidden, place your design on top, as shown;

How to dispenser color:

Navigate through the ***"Design"*** *layers panel, then double-click the color picker named* ***"Color Fill 1"***, *as shown and select your favored color.*

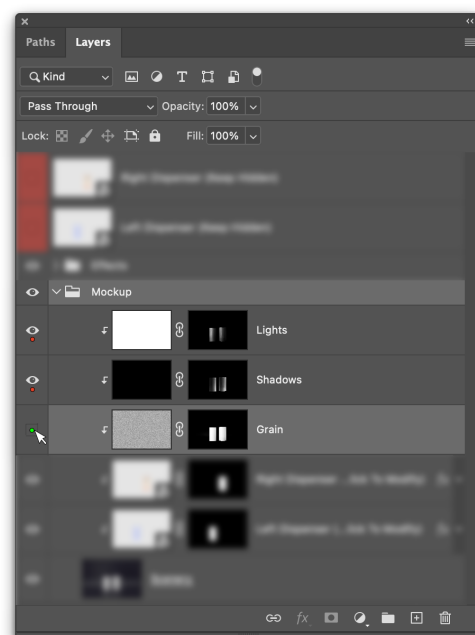

Hit Ok, your favored color has been applied to the dispenser.

Now hit Cmd+S (MacOs) or Ctrl+S (WinOS), and switch back to the main tab of this mockup, your design has now been saved.
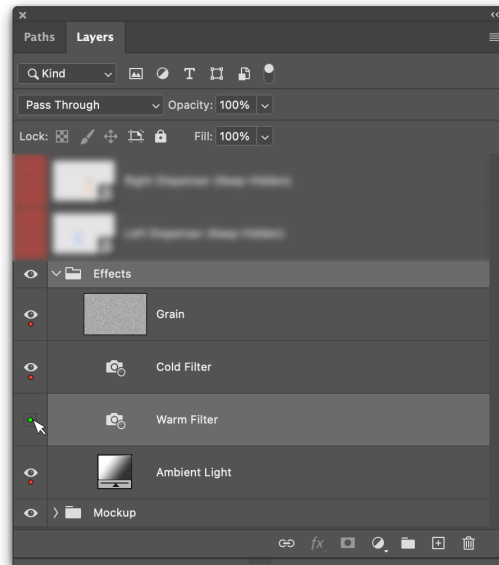

How to activate mockup effects:

*Navigate through the main layers panel, then expand the "***Mockup***" folder. Simply click on the Layer Visibility toggle box to activate or deactivate any included effect.*

How to activate extra effects:

*Navigate through the main layers panel, then expand the "**Effects**" folder. Simply click on the Layer Visibility toggle box to activate or deactivate any included effect.*

If you have any question or you're facing some technical issues, simply e-mail us at *unio.ask@gmail.com*
