How To Edit This Mockup

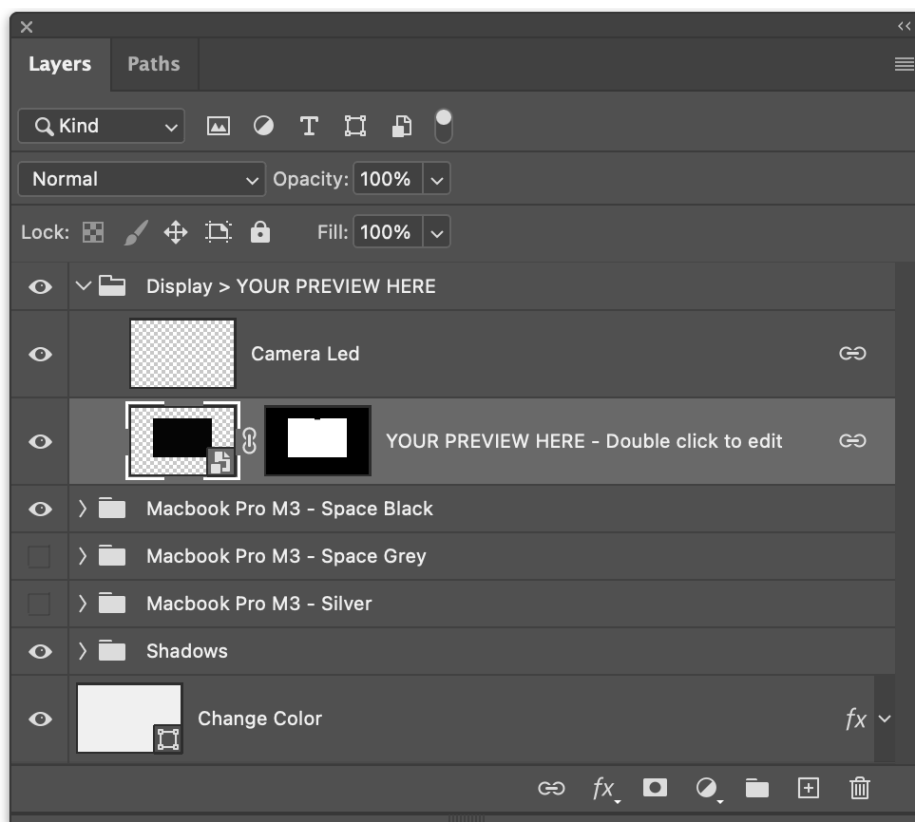

This product requires Adobe® Photoshop® CC or higher for any editing purpose.

Layers Main-view

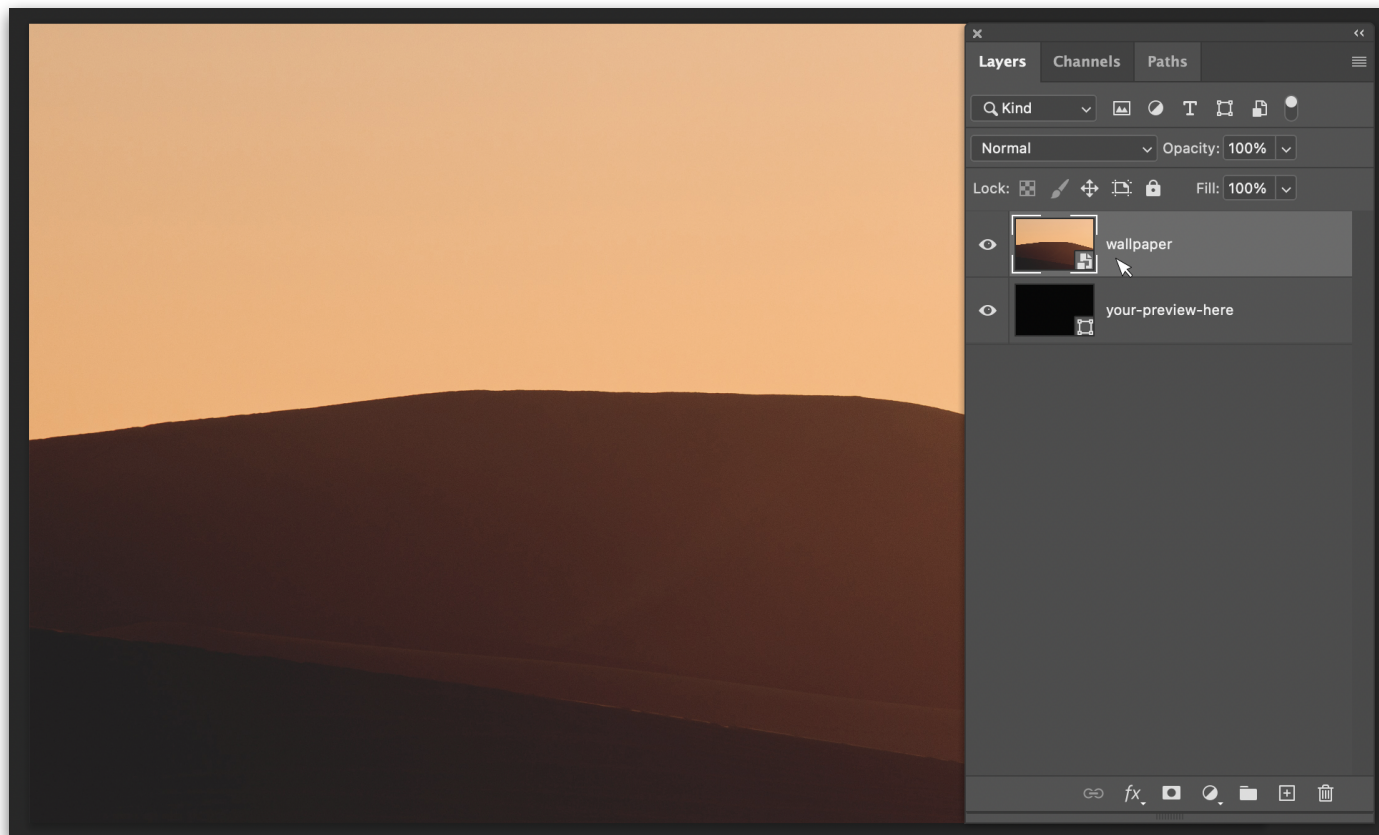

How to place your design via smart-layer

Double-click on the layer named **“Display - Double click to insert your preview”**.

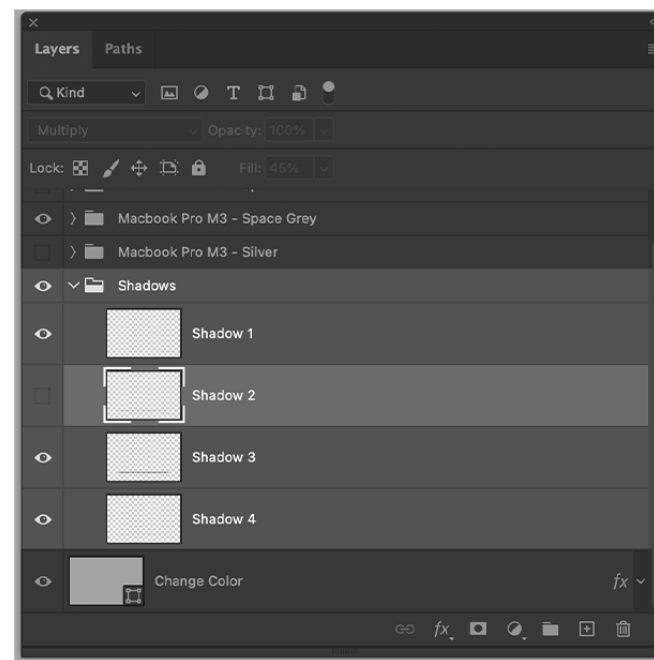

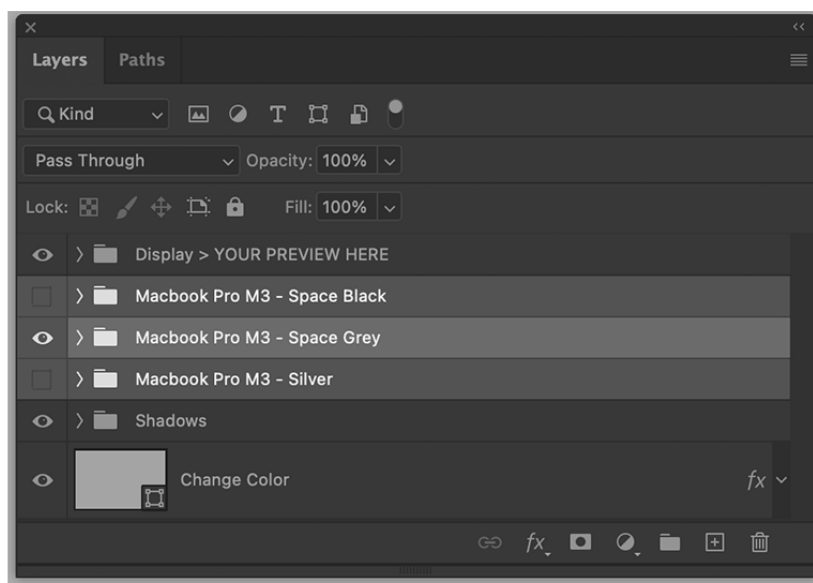

Smart-layer Overview

After opening the smart layer, place your design on top as shown, and then deactivate the 'Shapes' layer. Now, press **Cmd+S (MacOS)** or **Ctrl+S (Windows)**.

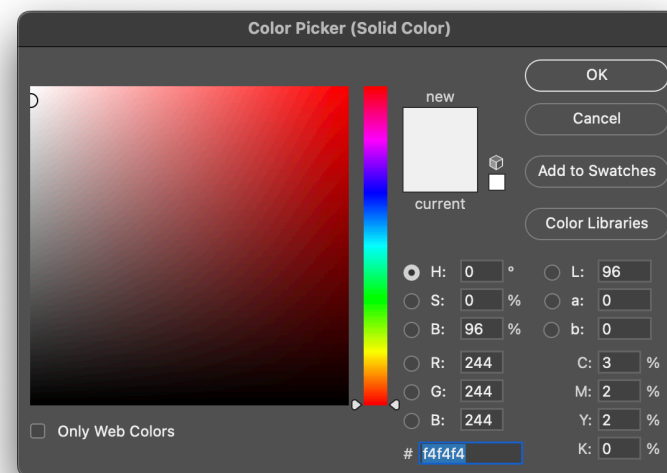

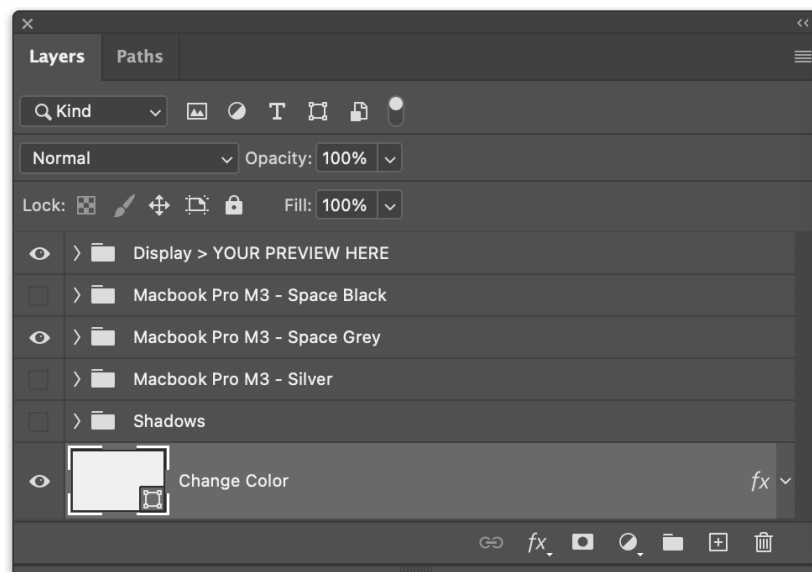

How to modify extra details

Deselect any unwanted effects by checking the desired layer and then activate your favorite.

How to modify background color

Double-click the layer labeled '**Change color**' to open the color picker, and select your preferred color.

Thank you for picking our product! We're a small team and we're excited to help you make the most of your purchase. If you need anything, just let us know. We're here for you!

Facing any issues? Feel free to tell us. We're here to help and it would be our pleasure to assist you.
